WHILE YOUR CHILD WORKS

- Say the eleven swar aloud in order before writing anything. The sequence is what the exercises test, and it is learned by ear far faster than by copying.
- The swar-or-vyanjan test is simple once a child knows there are only eleven swar. If they hesitate, recite the eleven together first - the answer becomes obvious.
- If your own Hindi is stronger than your child's, resist correcting the letter shapes at this stage. Recognition comes before neat formation.
